

FLOORTEC 480 M – WHY COMPROMISE

Robust, manually-operated sweeper

**Nilfisk
ALTO**

Why Compromise

Indoor & Outdoor Maintenance of hard surfaces

Main broom can be adjusted in 4 different positions without the use of tools.

Hopper can stay in open position so it is easy to throw big items or empty a garbage bin into the hopper.

FLOORTEC 480 M walk behind sweepers are ideal solutions sweeping small amounts of dry dirt, sand, gravel, cans, crown corks and cigarettes, etc of outdoor spaces as well as indoor floors.

Typical applications are warehouses, factories, car parks, retail stores, malls, schools, hotels, office buildings, bus/railway stations, convention centers, automotive, garages and in private homes.

The very rugged non corrosive frame makes this manual sweeper very robust. That combined with two main and side brooms, make this compact manual sweeper extremely efficient, 5 times faster than a traditional broom.

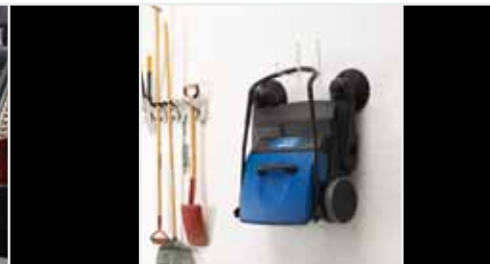

Furthermore, the hopper is very light and strong and equipped with a carrying handle for easy emptying.

The FLOORTEC 480 M sweepers keep your premises presentable without hard work.

- Use over throw system with the use of two main brooms this gives a excellent sweeping performance of large debris
- Cleaver handle/hopper construction keeps the hopper in place even when storage in the up-right position or hanged on a wall
- Hopper can stay in open position so it is easy to throw big items or empty a garbage bin into the hopper
- The ergonomic handle with a soft grip makes it pleasant and ergonomic to operate the sweeper
- Handel can be adjusted to fit the operator height (three positions)
- Side brooms can individually be adjusted in 4 different positions just by turning a knob
- Dual caster wheels in the front are positioned behind the side brooms and are therefore always in a clean swept area
- Large non marking wheels makes it easy to push and extremely manoeuvrable

The handle can be folded without tools for storage and easy transportation.

Cleaver handle/hopper construction keeps the hopper in place even when storage in the up-right position or hanged on a wall.

Removal of Dust, Sand, Debris, Leaves ... etc

- Gas stations
- Warehouses
