299552Q	ø34x1630	Aluminium	10	50	Ergonomic water-fed handle with insulated grip and quick connector

Product	Type of brush	Size mm	Material	No.per box	°C	Applications
Adjustable Water-fed brush						
526852	Soft/flagged	130x260	Nylon	1	110	The water-fed adjustable head and flared filaments ensure effective surface cleaning at all heights due to maximum filament contact with the surface.
Standard Water-fed brushes						
526452	Soft/flagged	280x80	Nylon	1	110	Efficient vehicle brush suitable for large surfaces
475552	Soft/flagged	280x90	Nylon	1	110	An effective all surface water-fed bodywork brush with a protective rubber strip for vehicles up to 3 metres in height.
475752	Soft/flagged	400x90	Nylon	2	110	An effective all surface water-fed bodywork brush for large areas, up to 3 metres in height.
545252	Soft/flagged	230x110	Nylon	2	110	Brush for cleaning wheel rims on trucks and buses
Rilsan Water-fed brushes						
526652	Soft/flagged	260x120	Rilsan	1	110	A more densely filled brush with Rilsan, plus a modified water-flow feature giving improved cleaning productivity.
526752	Soft/flagged	260x120	Rilsan	1	110	A more densely filled brush with Rilsan, plus a modified water-flow feature giving improved cleaning productivity.

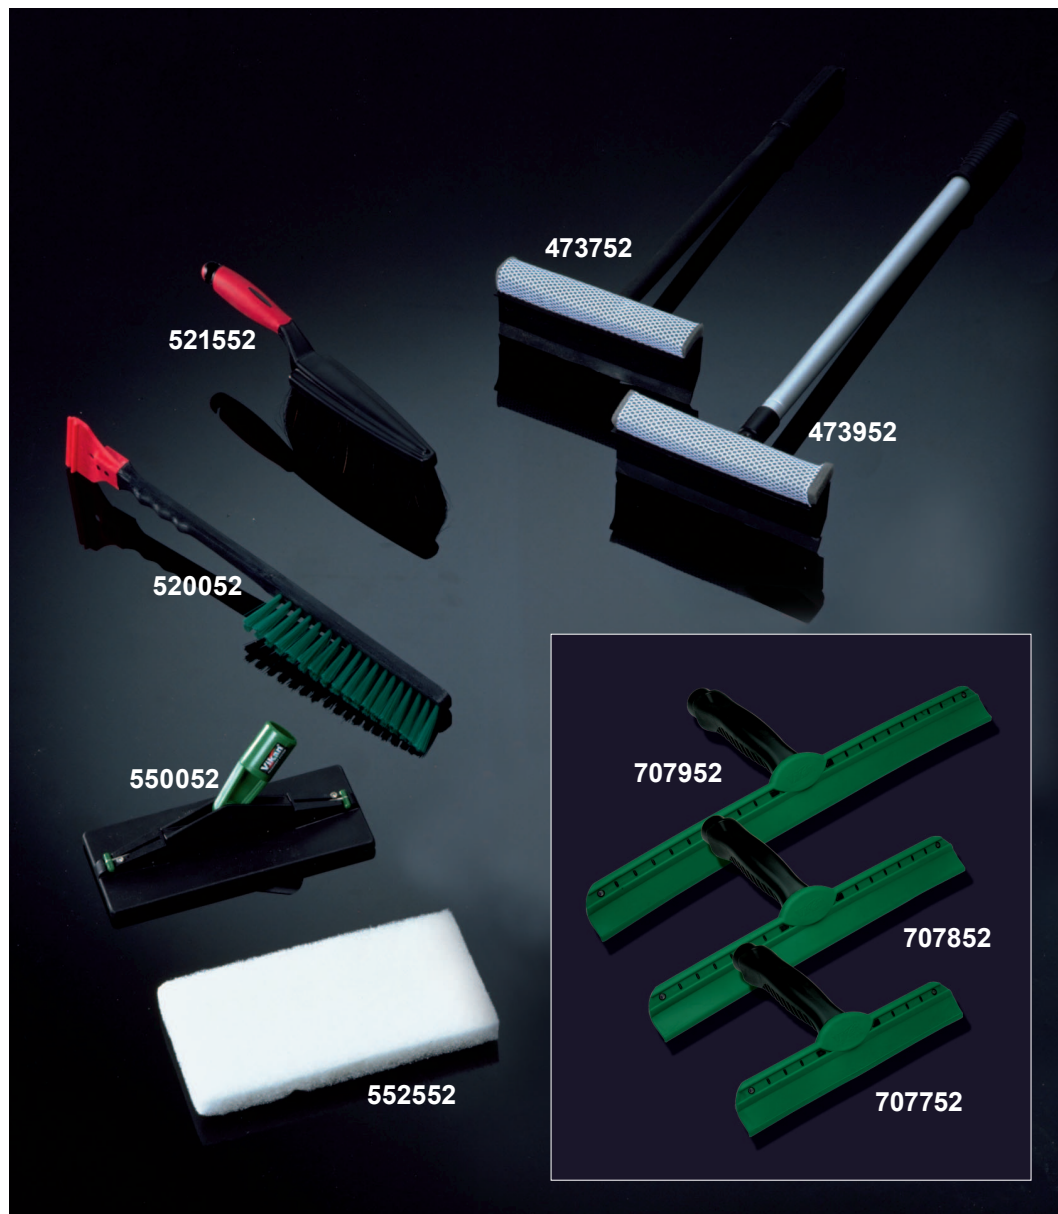

Product	Type of brush	Size mm	Material	No.per box	°C	Applications
Ergonomic hand brushes						
524652	Soft/flagged	350x130	Nylon	1	110	The ergonomic design makes this brush comfortable, effective & easy to use, safely, on all surfaces for either dry or wet tasks.
Water-fed Hand brush						
525452	Soft/flagged	350x70	Nylon	5	110	A water-fed hand brush, complete with a Gardena hose connector. Ideal for small cleaning tasks.
Rim brushes						
525352	Stiff	ø50x330	Polyester	12	100	A dip brush to clean alloy and stainless steel spoked wheels and rims.
525252	Soft/flagged	280x110	Nylon	9	110	A rubber edged, soft brush for removing dust from dashboard instruments, dials, switches and heater vents.
Hand brushes						
522252	Soft/flagged	420x70	Polyester	5	100	A long handled dip brush for general use
522752	Soft/flagged	250x100	Polyester	5	100	A short handled dip brush for general use

Product	Size mm	Material	No.per box	°C	Applications
Equipment Storage System					
061052	80x250	Aluminium	1	100	A totally flexible & effective tool storage and protection system.
061552	238x145	Glasfibre/	6	100	A totally flexible & effective tool storage and protection system.
Water gun & Jet nozzle					
071152	280x80	Rubber-coated	1	80	Low pressure water gun, can deliver max 25 bar. The trigger can adjust the pressure of the spray.
071052	55x220	Polypropylene	1	100	The nozzle is ideal for rinsing wheel arches clean, or for applying wax.
Connectors					
070052	30x40	Nickel-plated brass	1	-18-80	For 1/2" and 3/4" tap connector. Max.10 bar pressure
070152	30x40	Nickel-plated brass	1	-18-80	1/2" Hose connector. Max. 10 bar
070652	30x60	Nickel-plated brass	1	-18-80	1/2" Water Stop hose connector. Prevents tangling of hoses. Water cut-off on disconnection
071252	30x30	Nickel-plated brass	1	-18-80	Quick connector with 1/2" thread
071552	30x30	Nickel-plated brass	1	-18-80	Quick connector with 3/4".
071652	40x40	Nickel-plated brass	1	-18-80	Hose connector with 3/4".
071752	30x30	Nickel-plated brass	1	-18-80	Connecting socket with 1/2" and 3/4.

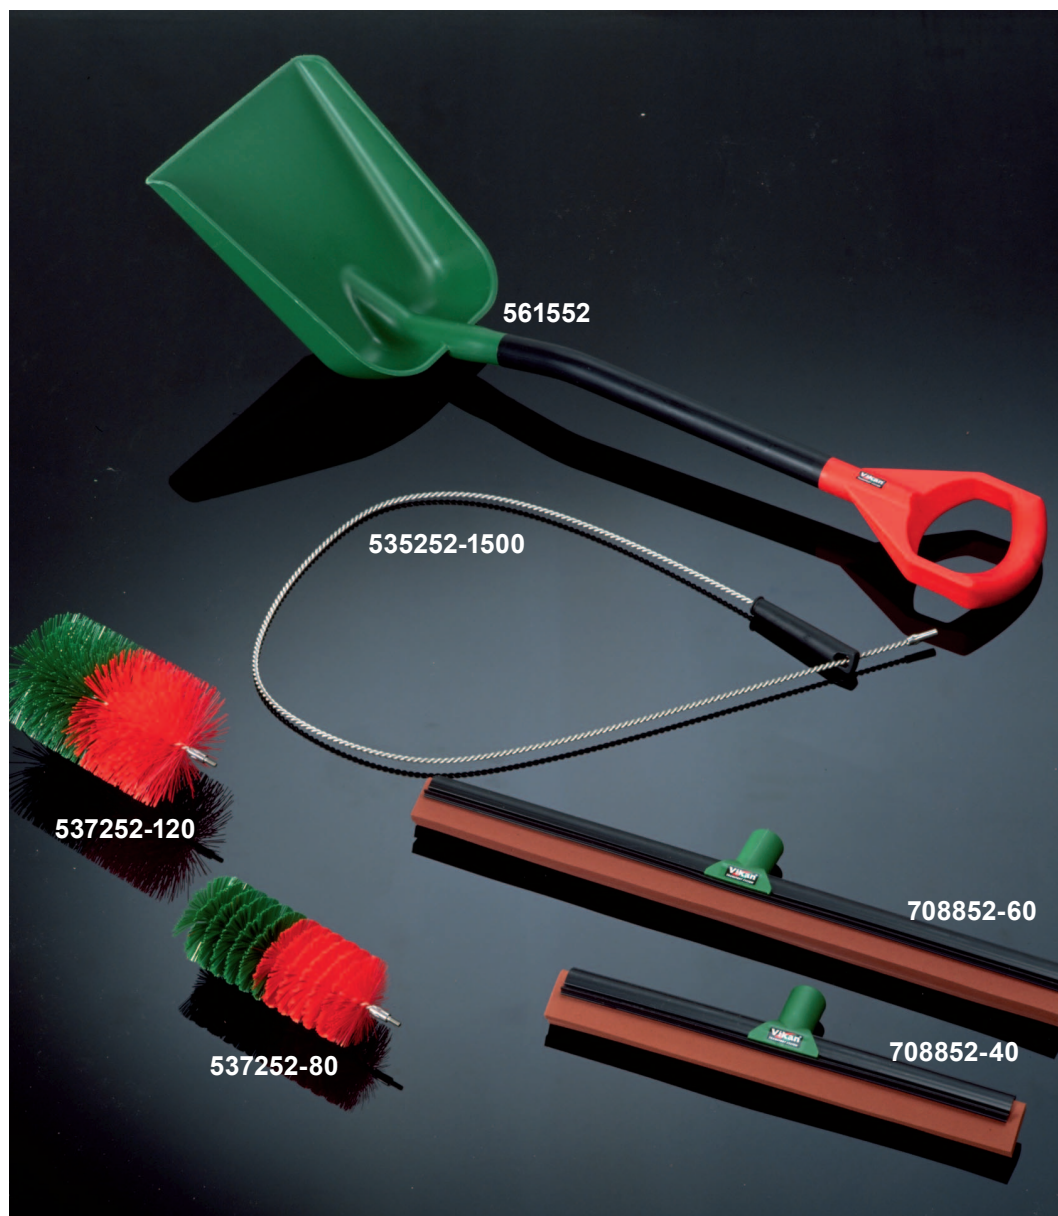

Product	Type of brush	Size mm	Material	No.per box	°C	Applications
Brooms						
310652	Soft	50x310	Polyester	10	100	Broom for sweeping in buses and garages
310852	Stiff	50x410	PVC	10	60	Workshop broom, suitable for wet or oily waste
Street broom						
251452	Stiff	80x360	Polyester	10	60	Broom ideal for outdoor use
Workshop broom						
311752	Stiff	150x630	PVC	1	60	Workshop broom, ideal for wet or oily waste
311552	Stiff	150x400	PVC	1	60	Workshop broom, ideal for wet or oily waste

Product	Type of brush	Size mm	Material	No.per box	°C	Applications
Nylon scourer holder and nylon scourer						
550052		230x50	Polypropylen	10	130	This cleaning pad holder with a swivel joint, will remove insects and stubborn soilage with ease, from windscreens, when used with the 552552 white pad.
552552		120x250		10	100	ONLY TO BE USED ON GLASS, this pad will rapidly remove insects & stubborn soilage from wind-screens.
Snow brushes						
520052	Stiff	500x25	PVC	10	-15-60	Snow and ice scraper. Unbreak-able even in Arctic temperatures.
521552	Stiff	330x70	Mixed hair bristle	8	-15-60	Snow broom for clearing loose snow
Windscreen squeegee						
473752		560x90		12	70	The sponge has an attached insect net to make cleaning easier. Much used at petrol stations.
473952		670x90		12	70	The sponge has an attached insect-net to make cleaning easier. Ideal for trucks and buses.
473852		200x50		12	70	The sponge has an attached insectnet to make cleaning easier. Replacement head for 473752 and 473952
Wipe-n-shine						
707752		210x250x50	Rubber	6	80	The quickest and most effective method of removing the majority of wet residues from all newly cleaned surfaces. Particularly effective with removal of lime residues in hard water areas.
707852		210x350x50	Rubber	6	80	
707952		210x450x50	Rubber	6	80	

Product	Type of brush	Size mm	Material	No.per box	°C	Applications
Interior brushes						
450052	Stiff	290x35	Polyester	5	100	A stiff, slim-line brush for cleaning upholstery
450252	Soft	290x35	Polyester	5	100	A soft, slim-line brush for interior cleaning.
Dust pan						
558552		240x380	Metal	10		Metal dustpan which can cope with hot ashes and other hot waste
Radiator brush						
631052	Stiff	120x40	Polyester	10	100	Twisted brush for cleaning radiators in buses
Personal Hygiene						
644052	Stiff	ø50x390	Polyester	10	100	Very sturdy nailbrush
Detail brush sets						
556052	Soft	100x250	Polyester	10	100	A set of varous shapes & sizes of small detail work.
556452	Soft	100x250	Polyester	10	100	A pair of long handled detail work brushes

Product	Type of brush	Size mm	Material	No.per box	°C	Applications
Pipe brushes						
537252-80	Stiff	ø80x200	Polyester	10	100	Tanker Transport Delivery Pipe cleaning brushes to be used with 535252-1500 1500 mm Flexible stainless steel handle for Pipe & Tube brushes.
537252-120	Stiff	ø120x200	Polyester	10	100	
535252-1500		ø30x1500	Stainless steel	10		
Floor squeegees						
708852-40		60x400	PP with oil-resistant rubber	10	70	Efficient floor squeegee for dealing with water and oil. Oil-resistant rubber.
708852-60		60x600	PP with oil-resistant rubber	10	70	Efficient floor squeegee for dealing with water and oil. Oil-resistant rubber.
Shovel						
561552		260x950	Polypropylen	5	-18-70	The shovel is ideal for clearing snow or as safety equipment for ADR-driving
